

Discovery Preschool keeps our families connected within the life of the school. We value the time to share the work of the children and teachers, and also have the dependability to reach you should there be urgent news. Please be advised that we use the following social media platform to support our journey.

URGENT: ClassDojo - Classroom Work and School Notifications

Discovery Preschool has launched ClassDojo to share curriculum, images and office notices with our parents. ClassDojo is an internet-based image publishing service that supports the sharing of classroom activities in a secure and private forum. Each classroom has a page hosted on this account that is controlled by Discovery Preschool. Your family has the opportunity to gain access to this site by invitation only and material will be monitored on a daily basis. You will be able to view the Journal entries for your child/rens’ classrooms and look at individual portfolios.

Discovery Preschool uses cautionary discretion when using images in the context of our documentation journals, panels, promotions and marketing strategies, and training purposes; both in and outside the school premises.
